The stunning details of what she did didn't do will make your memory work as hard as ever. A book for the shelf as reference.15 of 16 people found the following review helpful. "Her own words". How does she do it?By Mr.

K. D. Cooper I have already gone through this book three times and thoroughly enjoyed it every time. I have no trouble giving it 5 stars.

Just in time for the 2016 elections comes this indispensable addition to the Hillary oeuvre! The updated paperback version of *I've Always Been a Yankees Fan*, that Dick Morris called the "wonderful little book" that gave you "all the ammunition you need to hold up your end of the argument and make sure that Hillary's quotes and lies are not forgotten but come back to haunt her" is chock-full of QR codes taking you directly to video and audio clips of Hillary intoning that she would not run for president, sparring with NPR's Terry Gross over her flip-flopping on gay marriage, asking what difference it makes when being grilled about Benghazi, insisting that she and Bill were dead broke when they left the White House, admitting that she hasn't driven a car since 1996, and much, much more. With Mrs. Clinton almost certain to make another run for president, don't get caught up in the lies and spin most certain to paint Hillary as a caring, bleeding-heart liberal promising to rescue the economy, protect you from the evil corporations, and save the world from wacky weather all while reducing deficits. In *Hillary Unhinged* find out who the true Hillary with this raw and humorous collection of quotes that pitilessly underscores her hypocrisy and endless pandering just who she is. Discover the real Hillary in her own words.
