Notwithstanding the title, that book turned out to be the perfect stocking stuffer. I still keep copies of YfD for dog-loving friends who stop by my crib for a visit. "Hip Hop for Dogs" is a bit more edgy than the sweeter YfD. In fact, you could probably say that it has a lot of chutzpah! That being said, I have a lot of fly friends, so I will definitely be spending some chedda on a few copies of this phat book so I can

give them out to my homies in the Hood.P.S. The dogs in this book are adorable!7 of 11 people found the following review helpful. You're a terrible person if you buy this bookBy David L. WesterThis book is the epitome of hipster racism and you're a terrible person if you buy it. The single dumbest thing I've ever read. Only amusing if you're an overt racist with the brain functionality of a 5-year-old who's completely uncultured and out of touch. Negative five stars.0 of 3 people found the following review helpful. fun, makes everyone smileBy Jana GoldfarbI keep buying more and more copies of this book to give to friends. Everyone I show it to jots down the name and starts to think about who they will buy it for. It's great fun...with frequently used but unknown words to me. I am the proud mother of one of the models. The author is creative and brilliant. Hip Hop for Dogs is guaranteed to make everyone laugh.

Defining hip-hop words with funny four-color illustrations, HIP-HOP FOR DOGS is informative and hilarious. Each pooch in HIP-HOP FOR DOGS teaches the reader slang words that have their origins in the hip-hop communities and have become part of society's daily lexicon.
