Siobhan Adcock : Hipster Haiku before purchasing it in order to gage whether or not it would be worth my time, and all praised Hipster Haiku:

0 of 0 people found the following review helpful. Super little book By Writer Hipster Haiku rules Seventeen syllables cool I recommend it; 0) 3 of 3 people found the following review helpful. Poser senryu. By Robert Beveridge Siobhan Adcock, Hipster Haiku (Broadway, 2006) I keep hoping that one of these novelty-haiku books will actually get haiku right. I keep being disappointed. That said, some of them have been funny while still being senryu. This is not one of them. Poking fun at emo kids while your collection has an overarching sense of existential angst makes me think that, perhaps, an important point was missed somewhere. "He is midtown, but Loves to call stuff 'sick' and 'tight'. Bless his little heart." and "Only three labels, Merge, Sub Pop, and Matador, deserve your money" are pretty typical selections. If 150 pages of the same appeals to you, by all means go for it. **5 of 6 people found the following review helpful. Beyond Hip! By K Pascale This book is beyond hip!! There are still people in this world who get it!! What a rockin' book to give as a gift or to give to yourself. Once you read this you will find yourself crafting haikus!! A must have!

O, hipster nation: The dive bars, the vintage duds? Great material.

About the Author SIOBHAN ADCOCK is the author of *30 Things Everyone Should Know How to Do Before Turning 30*. She has worked at Anchor Books and iVillage and recently earned an MFA from Cornell.
