Charlie Raymond : Hired, Fired, Fled: One Man's Global Quest To Beat The Rat Race before purchasing it in order to gage whether or not it would be worth my time, and all praised Hired, Fired, Fled: One Man's Global Quest To Beat The Rat Race:

0 of 0 people found the following review helpful. Very enjoyable!By LajitasgalI didn't expect to enjoy this book as thoroughly as I did. I was a mid-life career changer who was lucky enough to find my dream career the first time I

tried a change. I found the author's advice for ferreting out one's passion and vocation to be spot-on, but he also tells his story in such a funny and endearing fashion. I teach at a small liberal arts college, and I think one of the most important things a student can learn is flexibility. Even if the author might not have realized it at the time he was in school, I'd hope that some of the critical skills he learned as an English major contributed to his amazing flexibility. Plus, his writing is so engaging! I found myself laughing out loud at this book at times, and at other times just wanting to shake him. (His mother must be a saint, so I'm glad he thanked her in the afterward.) Mr. Raymond, I hope your pursuit of a film career doesn't keep you from writing more in the future! 1 of 1 people found the following review helpful. I am about halfway through this book and find myself ...By Margaret HI am about halfway through this book and find myself continually chuckling over it. I also find myself reading whole passages aloud to my friends who haven't read it yet. This is a delightfully entertaining story that anyone who has traveled at all - or gone to college -- should get a kick out of. 0 of 0 people found the following review helpful. Work Place Memoir By Ricky Kimsey In this book the author tells of the various jobs he has held. Some of it funny and others kind of sad because of being in the wrong place at the wrong time. Still a fascinating and entertaining memoir that gives you insight into various industries.

"Informative and entertaining in equal measures, HIRED, FIRED, FLED will have you hooked from the very first page." - Kaye Holland, TNT Magazine UK "HIRED, FIRED, FLED describes the emotional rollercoaster that is the modern job hunt, and anyone who's graduated in the last 10-15 years, particularly post-recession, is sure to empathise with him... a witty and entertaining read with plenty of laugh-out-loud moments and some incisive nuggets of wisdom." - Sarah Townsend, Arabian Business "With tongue-in-cheek humour, gripping angst, and weighted notational advice... HIRED, FIRED, FLED offers an upfront and relatable compilation of life post-study... serving as a highly recommendable read to anyone graduating, or people entering into their penultimate years of study." - Paul Rodger, Strathclyde Telegraph "Charlie's talent for observing and then reporting on the ludicrous series of events that befell him will have you chuckling aloud on your sun-lounger... engaging and immensely entertaining." - Iain Robertson, B-C-ing-U.com "Raymond renders the reader helpless with laughter as he describes his ridiculously tight safari uniform shorts and his guiding tips... Overall, [he] displays superb self-awareness and honesty in the writing of this book, which is a light-hearted account of a not so light-hearted tale that almost every graduate or soon-to-be graduate can relate to." - Taryana Odayar, The Beaver (LSE) --- HIRED, FIRED, FLED is the calamitous tale of an average graduate who crashed through fourteen jobs in fifteen years, as he searched for the holy grail of the working world: a job to love. Wrongly accused of sleeping with the boss's wife was a bad start, and things only got worse for Charlie Raymond as the film industry lured him in, kicking off a desperate struggle to succeed. His global quest bounced him through Africa, Europe, North America, and the Middle East, serving soup in Italy, witnessing 9/11, eating his way into AE, and risking hypothermia in Canada, as he took increasingly desperate measures to prove his path right. HIRED, FIRED, FLED is the story of trying to 'make it' in the 21st Century. This humorous memoir will entertain and enlighten, revealing the oddities of life as an escapist expat, while striking a chord with anyone who's ever dreamed of loving their work... and beating the rat race. Revealing the challenges and opportunities of the working world, this tale is packed with crucial, need-to-know career tips, such as: how to resign in the rudest way possible, how to bypass corporate 'gatekeepers', and how to cope with a boss who thinks you've slept with his wife! Charlie Raymond's extreme career path - via 7 countries, 4 continents, and 14 jobs - was sparked by trying to answer the ultimate question: 'What should I be doing with my days on Earth?' This book is the result, and was written with himself in mind, aged 17 1/2, as he wrestled with that baffling, life-changing conundrum; yet HIRED, FIRED, FLED is intended to entertain and inspire people of all ages, whether beginning their careers, desperate for change, happy at work, or taking off for a sun-lounger in the Med.

"Informative and entertaining in equal measures, HIRED, FIRED, FLED will have you hooked from the very first page." - Kaye Holland, TNT Magazine UK "HIRED, FIRED, FLED describes the emotional rollercoaster that is the modern job hunt, and anyone who's graduated in the last 10-15 years, particularly post-recession, is sure to empathise with him... a witty and entertaining read with plenty of laugh-out-loud moments and some incisive nuggets of wisdom." - Sarah Townsend, Arabian Business "With tongue-in-cheek humour, gripping angst, and weighted notational advice... Overall, [he] displays superb self-awareness and honesty in the writing of this book, which is a light-hearted account of a not so light-hearted tale that almost every graduate or soon-to-be graduate can relate to." - Taryana Odayar, The Beaver (LSE) About the Author Charlie Raymond grew up between London and Dorset (in south-west England). This is his first book. Charlie is a long-term career and travel nomad,

always planning another adventure overseas. He has lived across the world, trying many, many different jobs, as he sought his path in life. The result is HIRED, FIRED, FLED.
