book with 16 short stories about 16 different cats and their unusual troubles. Each story is approximately 5-10 pages long and draws you in quickly. I laughed, I cried, I loved this book from the moment I started it!! There is Freddie, who helps his owner learn his wife is cheating on him. Cassie, who's story tore my heart out. Penelope, the paper shredder. Mambo King, who hates Sundays. Ralphie, who runs head-on into walls. And many more cats that will make you smile as you learn their unique story. Pam Johnson-Bennett is a feline behaviorist who gets her referrals from veterinarians and makes house calls to her 'patients.' Considered one of the USA's experts on feline behavior, Pam operates her counseling practice in Tennessee. Her job consists of visiting the home, determining the cause of the problem, and setting up a behavior-modification plan for the family. She is the cat expert at ivillage.com and writes a monthly behavior column for Cats magazine. Pam is also the author of Think Like a Cat, Psycho Kitty, and Twisted Whiskers. Within this book Pam states, "I love what I do for a living and wouldn't trade it for anything. (...) Every time a cat and his owner reach an understanding, it's worth everything to me." This shows you the love that went into the writing of this book and the touch of humor as well. I highly recommend this book to all cat lovers! (Those who are not cat lovers would enjoy it too!) Ever cat lover's shelf should hold this book! 1 smileycat :-)) 0 of 0 people found the following review helpful. Thoroughly delightful!
