From RVP Press : Historia Discordia before purchasing it in order to gage whether or not it would be worth my time, and all praised Historia Discordia:

2 of 2 people found the following review helpful. You won't be disappointed.By Moss BlissI was a trifle misled about this book. I was looking for more of a history than a collection of historical documents. This is not a complaint -- these documents were thought to be long-lost and shed lots of light on the founding of the Faith. Buy this book if you have any single Discordian bone in your body. You won't be disappointed.0 of 0 people found the following review helpful. The Best Book On Early Discordianism.By Ryan RichardsHas proven to be a valuable resource for my own work and research into Robert Anton Wilson. A must have for anyone interested in the early days of Discordianism.Hail Eris!2

of 2 people found the following review helpful. The treasure trove of Discordian history By Philip Brett Goswami If you are a fan of The Principia Discordia you probably want this book. There are a few short essays that clarify some points of history or ideology but most of the book is copies of documents from the earliest days of Discordianism.

The most extensive collection in print documenting the Discordian Society's wild and woolly legacy, *Historia Discordia* features the unique worldview and wit of such illuminated iconoclasts as Robert Anton Wilson and Discordian founders Greg Hill and Kerry Thornley. Chronicling Discordianism's halcyon days, *Historia Discordia* presents a fun and freewheeling romp through rare photos, holy tracts, art collages, and fnoords, many of which appear for the first time in print. "Like communication-god Thoth with his yammering ape, like the all-important noise that Count Korzybski assures us must accompany our every signal, no harmony is possible without an acknowledgement and understanding of discord. Born from the bowling-alley epiphanies of Greg Hill and Kerry Thornley, its disruptive teachings disseminated through the incendiary writings of Robert Anton Wilson and other Eristic luminaries, the Discordian Society has unexpectedly become a landmark of gleefully aggressive sanity in a chaotic and incoherent world. Through this book, we can all involve ourselves in their gloriously constructive quarrel." —Alan Moore
