The book's full of cute canines standing up for what they believe in...well, maybe that's not "exactly" true, but the concept is really clever! Each picture and caption work great together, and it'll give you a good laugh! Red Dog Blue Dog is full of furry adorableness, great for anyone who is an animal lover, esp. a dog lover or someone in politics! Or for yourself!! I was so happy with my purchase of this item, I even purchased others for gifts. Who doesn't love a cute animal photo book with funny captions?! 0 of 0 people found the following review helpful. Bark Out Loud PawliticsBy Robert TChuck Sambuchino manages to encapsulate today's divisive, heated political environment in a very humorous way. Seeing the stereotypes associated with party politics projected onto dogs makes the sad state of the country's political circus a light-hearted dose of reality. Highly enjoyable read and makes a great gift in an election year! 2 of 2 people found the following review helpful. HilariousBy Genevieve PetrilloDogs put their spin on the election. Funny, clever, and fair and balanced with a red dog and a blue dog on each page spread. The comments are sharp and witty and the dogs are absolutely adorable!!

“Totally worth the Milk-bones I traded for it.” —Bo Obama “So hilarious I peed on the rug.” —Barney Bush Politics Goes to the Dogs

Richard Virgilio, The Coaster “‘Tis the season for snarling and slobbering over politics. Adding welcome levity to a dog-gone (ouch) important topic is “Red Dog / Blue Dog” the new fair and balanced (honestly) humor book by dog owner and self-proclaimed political junkie Chuck Sambuchino... Guaranteed to get your tongue – and your dog’s tail – wagging, “Red Dog / Blue Dog: When Pooches Get Political” is a fun and funny escape from the rabid political animals everywhere.” Clarksville TN Online “What’s not to love about this cleverly written look at our absurdity in the current political scene where bipartisanship has become a thing of the past. With people choosing sides instead of learning to compromise, even the dogs can’t agree on what to do. "Dr. Nancy Berk, Whine at 9" Red Dog / Blue Dog cracked me up. I kept turning the pages and laughing and laughing."
