Keith Knight : Red, White, Black And Blue: A (th)ink anthology before purchasing it in order to gauge whether or not it would be worth my time, and all praised Red, White, Black And Blue: A (th)ink anthology:

By A Customer If you're familiar with the K Chronicles, you probably already appreciate Keith Knight's wacky and pointed sense of humor and charming loopy drawing style. The (th)ink strips are different since they're only one panel each: they get an idea across immediately... whammo! like getting hit upside the head... in a good way. Really different from typical mainstream political cartoons, the (th)ink strips made me smile long after I read them. Check it out!

A cross between Gary Larson's *The Far Side* and Aaron McGruder's *The Boondocks*, (th)ink is the latest comic by award-winning cartoonist Keith Knight (*The K Chronicles*). These thought-provoking humorous single panel cartoons tackle political and social issues, often lampooning newsworthy current events which concern communities of color.

Edgy, topical, and funny, Red, White, Black, and Blue contains some of the most colorful black and white comic strips ever.
