Unlike other religions I've been affiliated with, The Church of the Subgenius delivers what it promises. Since I've been a member of the Church of the Subgenius and gotten in touch with my Yeti heritage, I get laid more often, just like the Church said I would. However, I would caution people that the church's promise of bigger breasts also applies to men as well :/0 of 0 people found the following review helpful. Not as good as the Book of the Subgenius

but that still aint badBy gnóstis tis mía anyparktiPinks beware, your attempts at coopting bobby culture are doomed and cannot protect you from the Xists let alone JHVH1. Youre going to sell your soul anyway, sell it to "Bob" where at least you know it wont suffer from beglect or abuse.0 of 0 people found the following review helpful. Essential Sub Genius LoreBy Thomas ValdezDon't stop with the Book of the SUBGenius! Learn more of the secrets of J.R "Bob" Dobbs and assre yourself of a seat on the saucers on X Day (pending you membership. Buy yourself a copy, and one for all of your "friends" , if any.

You think you know satire. You've seen Jon Stewart, you've read Mad magazine. But you've never encountered anything like "Bob" and the Church of the SubGenius. The SubGenii have reached the limits of satire and pressed further, and in doing so have created a brand of satire that curtails its own absurdity and heightens our awareness of the world we live in. The SubGenii have never been as relevant as they are today. Fundamentalist religion in the extreme, there are no limits to "Bob's" influence. In Revelation X we get answers to difficult questions: We learn the 10,001 Essences of "Bob" and He tells of His Very Own Conspiracy. Revealed for the first time are the Lost Gospels, the Epistles, the history of Mondo Connie, and a detailed description of "Bob's" Heaven and Hell. Also included are the 273 Damnable, Venial, Black, White, Deadly, Menial and Trivial Sins, which include Buffalo Frenching (#4), Luck Listening (#40), Wedbetting (#76), and Reading judgmental lists of so-called "sins" (#273).

About the AuthorReverend Ivan Stang has been making films, drawing comic books, and publishing zines since age ten. Having won numerous awards at film festivals through his teens and college years during the '70s and early '80s, he edited business films and documentaries through the late '80s and '90s. Since its conception in 1980, the SubGenius empire has expanded into five previous books, a weekly syndicated radio show, an annual festival event (X-Day), overseas travel packages, periodic night club acts, and a mail order business.
