Bruce Cochran : Revenge of the Trout Zombies before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Revenge of the Trout Zombies*:

Reich "Classic Cochran comedy is back with his new, full-of-laughs book 'Revenge of the Trout Zombies,' which pokes fun of trout-fishing die-hards (like himself). I love the fact that this book often takes breaks from Bruce's normal one-panel comic format to showcase his talent to write humor--Such as witty definitions of the "Types" of annoying fishing guides, and other amusing situations that every fisherman can relate to." JJ Reich Senior Field Test Coordinator North American Fisherman Magazine 0 of 0 people found the following review helpful. It takes one to know one By J. Blumb Bruce has done a lot of fly fishing and in the process has observed many obsessive trout fishermen. The difference is that he has a great sense of humor! Warning--the jokes strike very close to home. This is a great gift for your fly fishing friends, and a good reminder not to get wound too tight the next time you pull on your waders! Way to go, Bruce. 0 of 0 people found the following review helpful. From A True Trout Zombie By Edward N. Spence I've read all of Cochran's books, and can relate to *Revenge Of The Trout Zombies* because it fits me to a tee. As a frustrated trout fisherman I've probably experienced each situation he depicts. He can even make a cold dunking entertaining. I recommend it highly.

"All day you drift through some of the most beautiful scenery in the world, yet you see it not," writes Bruce Cochran. "The majestic bluffs, the soaring bald eagle, the snow-capped mountains all go unnoticed because your world consists only of your strike indicator. You stare at it, hypnotized, as it floats in the current, carrying with it all your hopes, your dreams, and yes... your humanity. You have ceased to function as a living person. Yes, you have become... a TROUT ZOMBIE!" In this, his seventh book, Cochran uses hilarious words and cartoons to expose the follies and foibles of fly fishing. All elements of this hugely popular sport are lampooned, including the equipment, the characters, the flies, even the clothing. ("Rule #1: No more pink shirts. And yes, they're PINK! Not coral or salmon. If you want to be taken seriously, stop buying your clothes at Victoria's Secret.")
