Riddle War VS other riddle books:

- 1) The riddles of this book are all new and unique with the power to elicit genuine, unpredictable laughs on the part of the reader or the audience.
- 2) Each riddle conceals its own unusual and funny thought pattern making solving it interesting and adventurous.
- 3) The book has been planned to include an interactive feature that encourages readers to personally develop a riddle after decoding a set of four in a row.
- 4) When the above pattern is followed, each Riddle War owner has the ability to personally create more than fifty personal riddles.
- 5) A distinctive geography enigma is included in this riddle book. It involves some of the most creative names given to some cities and towns within the fifty US states.
- 6) A funny, verisimilar leading statement introduces each state along with the towns selected.
- 7) More interactive and entertaining features accompany the geography pieces to engage the reader more deeply into exploring more possible unique towns among the states.
- 8) The book is packed with insightful and hilarious illustrations designed to further entertain readers.
- 9) The book is also aimed at entertaining the entire family, with no age exception.
- 10) Finally, hints or clues have been intentionally withheld. On the other hand, all answers are tucked, out of sequence, at the very end of the book. This is done in an effort to preserve and enhance the surprise element wrapped in each individual riddle. www.riddlewar.com
