P.G. Wodehouse : Right Ho, Jeeves (Audio Editions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Right Ho, Jeeves (Audio Editions):

1 of 1 people found the following review helpful. Light hearted funny read
By V. Stouffer
This is an old compilation about a bon vivant and his manservant. The stories were made into a sitcom decades ago. The heir hasn't much sense and the manservant not only saves him from himself but also advises some of his friends with similar life-styles. The stories are light-hearted and short, each making a nice quick read. They are a good escape at night to take your mind off of work/life dramas and clear your mind for sleep. Many are funny enough that you'll want to share them with family and friends, and clean enough that you can share them without worrying about the audience.
1 of 1 people found the following review helpful. Jeeves Wooster..Right Oh!
By HoneyBee
This was a wonder read. Wodehouse had such masterful way of using the English language. I was engaged entertained by the characters the entire time. When a book makes me laugh audibly, then it's a good book! I've read about 4 of his books, Jeeves Wooster are my favorite.
0 of 0 people found the following review helpful. like taking a spade to a souffle
By Donald. S."
...like taking a spade to a souffle.", if memory serves. Being asked to do this after reading about Donald Trump, at least Bertie had adult supervision: You're not proposing to wear that in England, sir? You'll like it or you won't, but you'll be better-off if

you do. I still remember the gal to introduced me to him.

When Bertie Wooster becomes tangled in a complicated situation, he turns to his resourceful valet, Jeeves, for help.

"Acclaimed actor Jonathan Cecil brings comic flair to Right Ho, Jeeves, a rollicking tale." -- Savannah Jones, SirReadalot.org, December 8, 2004"Cecil does a splendid job of reproducing the voice of all the characters." -- Rainbow Electronic s, March 2005"Cecil reads the story with a fine ear for comic wordplay and absurdity... will be a favorite among Wodehouse fans." -- AudioFile, February 2005From AudioFileSetting out to prove that he can solve problems with the skill of his butler, Jeeves, Bertie Wooster schemes to help Gussie Fink-Nottle and Tuppy Glossop with their romantic problems. Of course, Bertie's plans are destined to "strew ruin and desolation" in the manner of Attila the Hun, as his Aunt Dahlia suggests. Jonathan Cecil reads the story with a fine ear for comic wordplay and absurdity, giving fitting caricatured voices to the likes of Fink-Nottle and Glossop. He gives Wooster's first-person narrative the right balance, letting the bumbling hero misread situations as needed. The chaos builds toward a crescendo of levity that will be a favorite among Wodehouse fans. J.A.S. © AudioFile 2005, Portland, Maine-- Copyright © AudioFile, Portland, Maine
