Funny and informative!By ETSInteresting collection of comics and quotes related to health risks. You would love this collection if you are a health care provider or teach about health or medicine in the US. The price could be a little lower, but it's worth the value.

Laugh and learn with this unique book that offers a glimpse at the lighter side of life's risks. Starting with a must-read

consumer's guide to taking charge of health information and filled with health and risk-related quotes and cartoons, this book belongs in every physician's waiting room. Risk in Perspective helps consumers evaluate health and scientific information and consider how the information can be used to improve their lives.
