Robert Asprin : Robert Asprin's Myth Adventures Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Robert Asprin's Myth Adventures Volume 1:

0 of 0 people found the following review helpful. Some of the best humorous fantasy stories ever!By Glen W. GuentherThese are some of the best humorous fantasy stories that I've ever read! I'm now introducing our grandson to these stories. I've bought several copies of these books over time but they've always been given to friends or family

members to read so I have to buy them again for each new generation. The chapter quotes themselves are worth the cost of the books! This is a collection of the first 6 Myth books so any comments about pacing character development are general to the series not about any particular book. I highly recommend them!

By Pretzel If you like comedy in your fantasy/sci-fi, you would be doing yourself a massive favor by looking up Mr. Asprin and his Myth and Phule series. Skeeve and Aahz are such well thought out and fun characters to be around it made me wish, on more than one occasion, that I was actually in the books sharing their adventures. I gobbled up every Myth book the day they came out and could never get enough. I was devastated when I found of Mr. Asprin's passing :-(. He was a truly brilliant comedic writer and those who knew his work will miss him terribly. I would easily put Mr. Asprin on par with Terry Pratchett and Douglas Adams anyday :-). 2 of 2 people found the following review helpful. Great light reading but... By J. Herry I have loved this series since I was in High School and read the graphic novel. It's still great for a light read. I also like the fact that I could get the series in what will soon be two volumes, as I have lost all my originals. However, as has been previously stated by other reviewers, the book has a ton of typographical errors. It became rather annoying trying figure out if words were being intentionally hyphenated for stressing purposes. Also, words run together, obviously misspelled, subscripted, etc. These errors did not make me regret my purchase, but they were rather disappointing. Now, how many typo's are in this review "complaining" about typo's???

Start at the beginning, in Another Fine Myth, as Skeeve, an apprentice wizard, meets the demon Aahz. Though it's not love, or even like at first sight they form a connection-saving their lives-between them. Follow them in Myth Conceptions, as Skeeve and Aahz test their talent when they decide to take on an entire army themselves and continue on in Myth Directions. Then Skeeve finds himself alone with his own apprentice applicant, a king, in Hit or Myth and must deal with a medieval Mob! In Myth-ing Persons living up to one's reputation can be murder. Can a Character Assassin who tries to discredit the team in Little Myth Marker break up the team for good?
