Most have inexpensive ingredients and don't need a culinary degree or hours to prepare. Many were comfort foods that would be familiar to those growing up during the Fifties in less than wealthy homes.1 of 1 people found the following review helpful. ehBy Peach BlossomI'm really

assuming this was meant to be funny fiction. If not then we're in trouble. A LOT of the recipes seem pretty inedible. Well edible but not tasty. The desserts seem ok though. The main dishes all seem to be different ways to cook hamburger or spam with cheese and onions. This really isn't a good "cook book". I will steer you away from this if you were like me looking for an actual cook book. I'm reluctantly giving this 3 stars only because (as I said) the dessert section seems ok. 0 of 0 people found the following review helpful. So far, it's a good read. By G. A. Bowles. Not tried the recipes yet, but very entertaining stories, so maybe the food will also be good. I hope some are satire, though, because some sound odd.

Now maybe this down home trailer park gal is just spoiled when it comes to food, but have mercy, some of that stuff she wouldn't have fed to her cousin Earl's three-legged dog. There are three things the trailer park women are good at: holdin' their liquor, jackin' their hair to the heavens, and cookin'. At the High Chaparral Trailer Park in Pangburn, Arkansas have sinned holdin' onto their best recipes tighter than a televangelist's hands on a widow's checkbook. No more! Right here on these pages are more than 100 of their most delicious and cheap recipes with everything from appetizers, beverages, and entrees, to the Holy trinity of trailer park cuisine - cookies, cakes and icing.
