**Ruby Ann Boxcar : Ruby Ann's Holiday Cookbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ruby Ann's Holiday Cookbook:

0 of 0 people found the following review helpful. Cookbook with colorful and humorous stories!By Janni JordonI enjoyed reading this cookbook more than any other cook-book I own. I laughed out loud on just about every story. Ruby Ann is a gifted story teller for sure. I own every one of Ruby Ann Boxcar's books and this one is my favorite. I haven't tried any of the recipes yet in any of her books and not sure that I will, I just love reading the stories in them. Once you realize that Ruby Ann Boxcar is actually a man in drag, then read between the lines of some of the things

she/he is saying you will find her books really humorous!7 of 7 people found the following review helpful. The Po' Man's Martha StewartBy MortensOrchidThis is a hilarious! Not only does Ruby Ann tell us of the gossipy goings on of her trailer park, but makes it sweet and endearing rather than trashy and sordid. It's a good book to read on an airplane or on a car trip, you can pick it up at any point and read something funny to pick you up.Want to know what's really funny? I actually have a few recipes that are similar to these. Apparently anything involving dipping crackers or chips into something hot with meat and/or melted cheese is considered white trash cooking. It's all in the marketing presentation, using Martha's hook. Ha ha ha ...The holidays she has menus for besides the obvious (Christmas, THanksgiving, etc.) tell you that anytime's a great excuse to throw a party. Although I doubt anyone north of the Mason Dixon would see fit to throw a party for Reba McEntire.0 of 0 people found the following review helpful. Ruby Ann's Holiday CookbookBy Richard BrewerI got this book to have some fun reading some funny stories and it did not let me down this is a very entertaining book the recipes are very good it is amazing what she can do with a can of tomato soup wow what a fun you can have when you tell people what is in the recipes after they eat it and watch there face for the reaction. Luv it.JB

I won this book last week during a Dirty Santa game at a Christmas party. Truth be told, I had to steal it away since it was the gift everyone kept taking from each other during the game, but luckily I had the last number. I just assumed it was a Christmas book that I could put on my coffee table during the holiday season for visiting friends and family to enjoy, but boy was I wrong.
