I love RuPaul's Drag Race. It's about the same size as the original mad libs books that I would pick up as a kid from the book store. I haven't gone through every

single excerpt, but the ones I have gone through are freaking fantastic! I hope there are more to come in the future! 1 of 1 people found the following review helpful. Gimme More! By Merari I live for RuPaul's Drag Race and Mad Libs so combining both is amazing for me! The stories are hilarious and so much fun! Great for parties or nights in. It's very small in size which makes it easy to take along and store. 0 of 0 people found the following review helpful. Great for a fun time! By L Hart This was hilarious to use. Remember when we were kids and we'd do this and it was silly? Had some girlfriends over to watch RDR, had mimosas, and did these madlibs and was highly entertained.
