We grew up in a small town and while he and Mother come back to the Mid-West for the summer, they Winter in Arizona. He actually took it on the boat and shared his favorites with all of us...we had a lovely time of "Remember when...". I then bought one for myself. :)6 of 6 people found the following review helpful. Great read!By HicovaHaving grown up on a farm in the east and returning to one from the 'burbs, this book brought back many fond memories of country life. Though we did have electricity, running water, and an indoor privy (most of the time), I can still relate to most of Mr. Apps country farm experiences. I recall hearing much of the "wit and wisdom" but there are some regionalisms that I had not heard before. I enjoyed the book a lot.0 of 0 people found the following review helpful.
