They had fun taking turns reading the rhymes and I only had to help them with a few words. Lots of fun spelling for the scary noises as the story develops into a mystery. After they read the ending, it took a little while for my girls to put everything together but when they did, they couldn't stop laughing about it. This is the perfect book for their grandpa to read to them at Halloween! Everyone will be scared or laughing or both. 1 of 1 people found the following review helpful. Great Bedtime or Night After Read! By Customer Very cute and poetic with a humorous ending. Sure to be a bedtime favorite with the little ones. Reminds me of my (and probably everyone's) childhood when there always seemed to be something creepy lurking around somewhere during the night. This book will surely shed some light and humor on the subject. Would enjoy seeing more works from this

Author...1 of 1 people found the following review helpful. Great ReadingBy PPGreat reading for the children. I really like the illustrations. They were very unique and are so right for the story, I am a Grandpa, so I can relate to what can happen.

This is a great tool for teachers to help kids learn how to read. The story is a poem which rhymes easily and helps kids to predict the next word. Funny, a little scary with a hint of a detective story for the little ones to solve. Teaches kids to look their fear in the eyes and overcome it. The main points in the poem are protecting the family, putting the lives of the other ones first and being brave. Great read before bedtime with your kids.
