About the Author Stephanie Quinn was born on South side of Chicago with a pencil in her hand, you could just imagine how her mother felt! She began filling sketchbooks with renditions of all her favorite characters growing up from Ren Stimpy to Sailor Moon. She attended and received her high school diploma from the accredited Chicago Academy for the Arts as a Visual Arts major. Stephanie was then awarded a robust academic scholarship from the Milwaukee Institute of Art and Design, which she accepted. She shortly thereafter received her BFA degree with a major in Integrated Studio Arts and began exhibiting her own artwork in various venues throughout the Milwaukee and Chicago area. Stephanie started professionally drawing portraits and caricatures at Chicago's Navy Pier in 2012, as well as fundraising for no-kill animal shelter PAWS through drawing caricatures at events. Stephanie married her wonderful husband Patrick in June of 2014 and immediately thereafter moved to Los Angeles to pursue her artistic goals. While in LA, Steph began working as a sculptress at a Hollywood mannequin studio where she began to realize the amazing possibilities of art fashion becoming one. At the start of 2016, Stephanie and Patrick launched Quinn Collectibles and began production on their very first coloring book, Sci-Fi Babes: A Cyber Glam Coloring Book.
