Sean Dietrich : Sean of the South (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sean of the South (Volume 2):

0 of 0 people found the following review helpful. A good read to go with your gritsBy CustomerA collection of very brief anecdotes presented from the point of view of a native southerner. This work covers dozens of subjects and

observations, some of which are delightfully humorous and some which are a little sobering that give us pause to think. Southern culture is alive and well in these pages. Southern folk will find themselves nodding in agreement as they identify with the foibles of life down south. Stories given in the style of Rick Bragg and other great storytellers. So pull up a rocking chair and sip some iced tea and let the fun begin. 1 of 1 people found the following review helpful. Humor, and great writing all in one!!! By J Hunter This book is a compilation of stories that Sean Dietrich put together. The stories are about women, men, kids, and even pets. The humor and the way that this writer tells his stories is very refreshing and leaves you with a smile on your face. I haven't read anything like this book in a while, and I recommend it to everyone who enjoys humor and is able to laugh at the everyday "stuff" that happens in life. 0 of 0 people found the following review helpful. Laugh or Cry By Charles Willingham Beside being able to read your books, my wife and I got to see Sean and Jamie at Columbiana AL and they are both just plain good people.

The second volume in the collection of short stories by Sean Dietrich, writer, humorist, and novelist, known for his commentary on life in the American South. His humor and short fiction appear in various publications throughout the Southeast.
