**Celeste Calvitto : Searching for Italy in America's Rural Heartland** before purchasing it in order to gage whether or not it would be worth my time, and all praised Searching for Italy in America's Rural Heartland:

5 of 5 people found the following review helpful. Made me proud of my Italian heritage!By zoopThis book contains interesting stories of how Italian immigrants ended up in rural America and the positive impact they had on their local communities. It covers communities in Indiana, Illinois, Iowa, Missouri, Kansas, and Oklahoma and includes old and recent photos of people and places in the U.S. and Italy. These immigrants who came to America with little or nothing are proof that hard work and honesty helped them achieve the good life they came to America for.1 of 1 people found the following review helpful. Searching for Italy in America's Rural HeartlandBy teresaFabulous book! The author obviously put her subjects at ease and elicited wonderful stories and details about Italian immigrants' life in America. The text is beautifully written and the photos are well done.1 of 1 people found the following review helpful. Great

reading on a disappearing subject in AmericaBy Amy HunterGreat reading! Written in a professional journalist's style. Stories tightly woven, poignant, personal, and edited well. The layout of the story pages is also well-done.
