**From Flame Tree Publishing : Secret Places Postcard Book: Adventures in Ink and Imagination (Colouring Books)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secret Places Postcard Book: Adventures in Ink and Imagination (Colouring Books):

3 of 3 people found the following review helpful. Very nice coloring postcard book pictures with quality cardstock - nice relaxing. By Pat Carroll Very nice little postcards to color with interesting designs. Most are well-done, but several are a little too small for me and I had to buy specially-tipped pens to keep inside the lines. There is a nice variety of 25

selections which would keep any colorist busy for several weeks! The cardstock is of excellent quality with absolutely no bleed-through, although I do tear out the pictures individually as I color them. Coloring these postcards is very relaxing and meditative for me, and I highly recommend it to anyone who enjoys coloring. I use ultra-fine tipped Sharpie markers, but I think the pictures would be receptive to just about anything you'd like to create with. The only reason for 4 stars is the very tiny design in many of the pictures which do make it hard to see, at least with my old eyes! Still well worth purchasing.3 of 3 people found the following review helpful. I love these!By Judith TullochI like coloring these postcards. I use them to send notes to my granddaughter who's in college. I think snailmail is more personal than emails.1 of 1 people found the following review helpful. Five StarsBy mamawonderful

The Secrets Places Postcard coloring book is the companion to the hugely successful Secret Places coloring book, and makes it easy for adult coloring book lovers to send their works to family and friends. Patterns include gardens, tropical and woodland forests, meadows and country lanes, and more. Highest-quality paper means you can use a wide variety of pens: from gel and pencil, to pigment and crayons, from ballpoint and rollerball to highlighters. Each page of coloring postcards is perforated for easy tearing out and mailing, or posting on the wall or refrigerator for all to see. Includes 25 postcard patterns.
