ColorQ Books : Secrets in a Jar: Discover 24 Fantasy Designs from a Jar for Relaxation (Creativity Meditation) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secrets in a Jar: Discover 24 Fantasy Designs from a Jar for Relaxation (Creativity Meditation):

5 of 6 people found the following review helpful. REISSUE...Show Us Designs BEFORE We Buy #1021...By classicsGGmaJars of Dreams: Boost Your Creativity with our 24 Jar Patterns by Emily Macht...THEN YOU HAVE This color book. Cover is unchanged, title has been redone and author name now with others in one group. Seeing many of these duplicate reissues lately. Covers are usually, but not always, the same, though a few have different colored backgrounds. Title are usually redone. Author names are usually, but not always, different. Please check your

color books carefully before getting them. When we buy color books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??0 of 0 people found the following review helpful. Cool your jets and see it for what it is. By Kindle Customer The reason why all pages are not shown in kindle previews is because they are then exposed to copyright infringement easily. There are people who download and screenshot pages for personal use and move on to the next authors work to steal. HOWEVER The authors who don't provide a preview of anything shouldn't expect 1. customers to choose their work over another's sight unseen 2. reviews that are overwhelmingly positive as you can't expect all folks to like your work or style of work without seeing it while paying money and it will hurt the and the reviews submitted and overall rating, and like it or not, those disappointed customers reviews will be included for the book and made public. I understand the need to have primary ownership and distribution rights but many authors have found ways to diminish the theft of their artwork. The author can provide partially or fully colored in examples, they can post colored examples as their back cover of they can snapshot pages at an angle that isn't attractive to free use such as at an angle (not a full page, but slightly off camera with a slanted tilt, similar to Google map views that let you look across the page instead of dead center as it shows in the book.) Hope this helps the REISSUE NEEDED lady who is posting this copy/paste nastiness on every color book she can find, understand why she should think from the authors standpoint, as well as the author being so incredibly lacking in a customers perspective as well. Both have arguments that lack common sense and negative view of reasons that aren't thoughtful and very critical and self-centric. Just my two cents. And sometimes forgiving someone for not doing it just the way you prefer, isn't a crime they committed, but a forgiveness of yourself for being so entitled. If you want the author to serve you, serve them by respectfully asking that they consider a different way instead of posting what you want want want so you are more comfortable. It's not your book. If there isn't a preview, it definitely isn't your book. You know that and everyone who reads the nasty tone of what you wrote knows it. Simply request a different approach or show them by not getting the book. If they care about the popularity of the work they will figure out that samples vs. none is important. It's not your job to hurt their credibility, nor is it up to what an author allows previewed. It's a color book and appears free on kindle unlimited. There are ten bazillion on . You are not the target of trickery if you do not allow yourself to be by purchasing something blindly or worse, not purchasing and squawking anyways. Stop it. It's rude and reflects more about your intentions for an author rather than the other way around.

This book is comprised of 24 illustrations to boost your imagination and release stress. Inside you will find various designs featuring fantasy and dream patterns. They are suitable for adults. You can use different techniques and color schemes, there are absolutely no restrictions. Coloring is a wonderful way to spend your free time, be more creative and relax. Please, note, this kindle ebook is not suitable for coloring. It is only a preview showing the designs. You can download these designs following the link at the end of the book. There you will find high-quality images that can be printed out and colored. Scroll up to order your copy of our awesome book.
