David Stubbs : Send Them Victorious: England's Path to Glory 2006-2010 (Zero Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Send Them Victorious: England's Path to Glory 2006-2010 (Zero Books):

0 of 0 people found the following review helpful. Only the EnglishBy Rory MillerAn Awesome book that only the

English could write. Only the English could create a great look at their team, only to have the ending we all know happened at the World Cup. But knowing how the World Cup turned out for the English doesn't take away from the book, if anything, it adds to the supreme enjoyment the non-English fan will get from reading the book. It might even help explain why the English fan turned on Capelo so much after the world cup. A fantastic look at international soccer with a new, sharp eye for details that would otherwise go unseen.

Since 2006, under the guise of the Wing Commander, a somewhat xenophobic veteran of numerous campaigns including the Boer War, David Stubbs has written reports on every major England fixture. These lay stress just not on the inestimable virtues of the England team, who merely by being English hold an advantage over the opposition, but on the shabby deficiencies of their hapless foreign opponents. They're larded with historical reference and cultural speculation as to the frightfulness of the swarthy foe. England, as ever, expects in the run-up to the 2010 World Cup. These reports capture the essence of fervent, St George cross flag waving optimism as footballing fever grips the nation.

David Stubbs's England match reports make me weep with laughter. (Ben Marshall, The Guardian) About the Author David Stubbs is a freelance journalist and author working in Britain, whose work regularly appears in The Guardian, The Sunday Times, The Wire, Men's Health and When Saturday Comes among others.
