It's really cool to see her photos and some of them I KNOW!!! I was there! Aside from childhood friendship, Cathy's book really does bring out the whimsical side of growing up. Her unique way of simultaneously have two perspectives hers and her Mom's through Mom's idioms is just BRILLIANT. Hilarious and heart warming. This is a great read. A great gift for daughters (or sons) to give to mothers and for mothers to give to their children.0 of 1 people found the following review helpful. We Must Have The Same MothersBy The Word HerderThis is a wonderful book filled with those little quips that I'm sure all mom's say. It's as if there was a guide book for things to tell your children. Thanks for the stroll down memory lane and reliving those funny little phrases my mom said.

A quirky look at the everyday quips moms tell their children, Sew Buttons On Your Underwear is a delightful romp through one girl's experience growing up in Chicago. Cathy Sue Carpenter chronicles her mother's wit and wisdom with a smart, contemporary point of view. This wonderful collection of motherly antidotes is whimsically illustrated by Janet Arvia. And adorned with personal photos from a memorable era. Sew Buttons On Your Underwear is a nostalgic look the '70's before the internet and video games influenced children. Every page is another nugget of insight as only a mother could deliver. No mater where you grew up, there was a mother who softly uttered. "Sew Buttons On Your Underwear."

About the AuthorCathy Sue Carpenter, a native Chicagoan, began her love for writing in the sixth grade. Growing up, she expressed herself through dance, writing and photography. However, she was encouraged to take a sensible path in life. At 17 years old, she joined the troupes in Corporate America, and attempted to suppress her creativity in order to conform. However, still in need to express herself, she quietly continued to write.She currently resides in Chicago's West Rogers Park with her husband and their 3 cats. Most of her free time is spent traveling and working on her novel.
