Paul Laudiero : Sh*t Rough Drafts: Pop Culture's Favorite Books, Movies, and TV Shows as They Might Have Been before purchasing it in order to gage whether or not it would be worth my time, and all praised Sh*t Rough Drafts: Pop Culture's Favorite Books, Movies, and TV Shows as They Might Have Been:

0 of 0 people found the following review helpful. It's truly amazing how he is able to come up with rough ...By Thomas V. MirusI have known Paul since the 4th grade. It's truly amazing how he is able to come up with rough ideas for these great works of literature that have already been written - a fact he is completely unaware of because he is barely literate. He's like some sort of savant. Of course, in his incompetent hands, these works never would have

gotten past the drawing board, let alone made the "classics" list. So many scholars have argued in recent years that all you need for a great work of literature is a great title, but this astonishing collection of counterfactuals puts their side of the debate to bed definitively. 0 of 0 people found the following review helpful. This makes such a great gift for the Literature or Film lover! By T. C. Hudson Delightful and Fun! A great book to assign as the last book read by your Book Club for the year! You can all enjoy making a little fun of some of the classics you have talked over throughout the season. I gave 2 copies to graduating Seniors who are big fiction readers. They LOVED it. And my "cool quotient" went up exponentially:-D It's clever and the price is right! Grab one or TEN! 1 of 1 people found the following review helpful. Get yourself a good laugh. By Stephanie LaSpada This book is epic. If you are a bibliophile and also love to laugh.. read this book - ASAP. Laudiero is able to find humor in some of the most boring classics like Jane Eyre or even disturbing stories like The Shining. S*** Rough Drafts makes you think of alternate versions of what the stories might have been, and sometimes you wish had actually turned out that way. It's a fun read that will give you a good chuckle and then make a fabulous coffeetable piece - so really, how is this not the greatest purchase you will ever make? Seriously. Just buy it already.

Sh*t Rough Drafts collects imagined misguided early drafts of classic books, screenplays, and contemporary literature, creating visions of alternate works that would exist had the authors not come to their senses. What if F. Scott Fitzgerald had gone with the title The Coolest Gatsby? How would The Hunger Games change if Peeta were armed only with blueberry muffins? If the Man of Steel's S stood for Sexyman? MacBeth, Moby Dick, Harry Potter, Sense and Sensibility, The Lord of the Rings, and many more are each presented as if they were the actual typed or handwritten pages by the authors themselves, revealing the funny and frightful works they might have been with a little less capable judgment.

About the Author Paul Laudiero is a writer and comedian. He lives in New York City.
