That's what's great about short books bought as gifts. You can carefully enjoy them before you give them. Very cute and I wonder how the photographer managed to capture so many cats shaking. It seems as though it would be fairly easy with dogs, but I don't recall ever having a cat that did much shaking even after a bath. Really adorable and a good idea for a gift. Reasonable price too.1 of 1 people found the following review helpful. PurrrrrrfectBy Cele-heartAhhhhhhhhhhhhh!!!! The awesomeness of this book of kitties is through the roof. Part of me is tempted to frame some of these and put them on the wall by my shower. The photography is amazing. These cats are jaw dropping adorable. Watch out crazy cat lady friends, this is what your getting for Christmas.0 of 0 people found the following review helpful. Funny, high-quality photos. Great gift!By Alaina SWhat a fun coffee table book! I just crack up at these photos, which are all beautifully high-quality. This is a very fun gift for any cat-owner or animal lover. I also bought the dog and puppy versions as gifts and while I recommend them all, the cats are my favorite. The photographer captures such a mix of truly ridiculous expressions that we cat owners don't get to see from our dignified friends too often.
