Carli Davidson : Shake Puppies before purchasing it in order to gage whether or not it would be worth my time, and all praised Shake Puppies:

By Kaitlin Jenkins I HAD to purchase this as I already own the original SHAKE book, and this one did not disappoint! Beautiful photos, lovely puppies and colorful backgrounds. Carli is simply amazing at what she does. It was fun to see some familiar faces from local rescue groups etc and I loved the cameo by Carli's own dog Saul :) 0 of 0 people found the following review helpful. Smile and Laugh! By Jeff M What a wonderful and funny book. I bought this as my wife and I both love dogs, not to mention puppies. This book fits the bill. I am sure it took many, many hours for Carli to take enough pictures to put in the book. These are the best of the best. If you want a smile, and a laugh get this book. Another one that rates five stars, is the Underwater Puppies by Seth Casteel. A laugh out loud book. 0 of 0 people found the following review helpful. Five Stars By Janet Great Pictures of pure joy!

The highly anticipated follow-up to the bestselling book Shake, Shake Puppies also features 61 dogs caught mid-shake—only this time they're even more adorable and laughter inducing. Shake Puppies features two images of each dog placed side by side to capture the action of the shake—the tousled hair, the distorted expression, the flying water droplets. The photographs capture the dogs in the most candid of moments and were shot against brightly colored backdrops to make them fresh, lively, and inviting. Shake Puppies includes a roster listing the names, ages, and breeds of the dogs, as well as behind-the-scenes images that take readers into the studio with Carli Davidson and the smiling, playful pups. In the accompanying text, she offers never-before-shared insight into her creative process and reminds

readers of the importance of animal adoption and quality pet care. Funny and heartwarming Shake Puppies is a colorful assemblage of photographs that are startling and endearing, revealing and irresistible.

Who knew shaking puppies could be so cute?” (Time.com)“...dangerously adorable...” (Colossal)“...this book is a hands down winner.” (FStoppers)“This photo book will be like catnip, er, a doggie treat for animal lovers.” (Redbook Magazine)“Dare a dog lover not to laugh out loud at the wet cuties in Shake Puppies.” (Every Day with Rachel Ray)“What’s cuter than puppies? Only one thing: Puppies caught on camera shaking their jowls. ‘Shake Puppies’ is the follow up to the bestselling (and Post beloved) book ‘Shake.’ This one is just as strangely beguiling and even more awww-inducing.” (New York Post)From the Back CoverThis highly anticipated follow-up to the bestselling book Shake features more than 130 photographs of adorable puppies. This brilliant, brightly colored collection truly captures the squishy cuteness of a puppy—its tousled fur, floppy ears, and endearing expression—in the moment when our tiny, wide-eyed companion is mid-shake. In addition to its vibrant photographs, Shake Puppies includes a message of support for animal rescue and creating an environment in which all dogs, young or old, can succeed in their new homes. Training tips are included to help dog owners achieve this goal. There is also a roster listing the names and ages of all the dogs featured, as well as a peek into Carli Davidson's studio.
