I don't know which theme I like best. I relate to them all. And I am glad to know I am not alone when it comes to the funny (now) trials of dating, early marriage, and child rearing. Really fun read as are all of Lee St John's books!0 of 0 people found the following review helpful. She's a hoitBy CustomerI think I spewed my tea ( Long Island Tea ) when I read this book. She is a hoot. If I knew her in real life, I would invite her to parties and just let her tell her stories. Y'all - she's that funny. I am still laughing about the DNA story.0 of 0 people found the following review helpful. I liked the fact that she switched up a bit with ...By CustomerThe laughs continue! I liked the fact that she switched up a bit with some nostalgia. But the other stories are outrageous! Can't believe they are as true as she said. Well, okay. I'll be sharing these with my friends.

Lee St. is a rogue Southern Belle, a high-jinx expert, and mayhem confessor. Twisted, uproarious, revealing, delicious, quirky, surprising, warm, humorous, heartfelt, or scandalous. Take your pick. You'll find them all in these true stories about family, friends,co-workers, and others whose names she cloaks when telling her tales. Well, she had to. There's the story about how her knucklehead brother-in-law's attempt (and success) to change his mother's death date on her tombstone. Shocking! And the young buck who told his blind date she was the "wrong one" - but wait till you see how it turned out! Or her husband's bachelor friend who tried to break them up before the wedding. Gotta hand it to her, though, at least she's authentic while she divulges this confidential information. Buckle up and get ready to be amused. Writer and humorist known for her Southern Charm, Lee St. John continues to write her column for the Newnan Times-Herald in Georgia - the same newspaper where her idol, Lewis Grizzard started. She is also a popular stand-up comedienne and lecturer. A Georgia Peach by birth but an adopted Alabama Camellia, Lee splits her time and humor between her Georgia newspaper column and as a radio and TV-contributor for the Charter Cable Network in Alabama. She can follow or slice and dice rules of etiquette; it just depends on her mood. And after she's done, they'll be a story to tell.

About the AuthorLee St. John is a she-devil with a halo, a Southern Belle who doesn't play by the rules, and a prankster setting her next trap. But like a train-wreck, we can't help but watch her shenanigans. She is just plain naughty but with a heart.A print journalist turned advertising secretary turned sales representative turned English teacher, St. John's inspirations for her roguish humor are Erma Bombeck, Lewis Grizzard, and The Seinfeld Chronicles (Seinfeld). Her premature articulation gets her into trouble but the beauty of it is, she then writes about her playful misconduct. You may relate.Married for 34 years, her husband told her he wanted a challenge when he married her. Bless his heart. Be careful what you wish for. Their HEIR and SPARE sons just try to keep their distance because they know they will show up in her stories.You can also find Lee St. John on Facebook, Twitter, Instagram, her Website and her blog:[facebook.com/leestjohnauthor](https://facebook.com/leestjohnauthor)[leestjohnauthor.com](https://leestjohnauthor.com)[leestjohnauthor.com/index.php/blog/](https://leestjohnauthor.com/index.php/blog/)
