The first 2 I bought together, her Halloween book and the volume 1. I was hoping more of the "besties" like were done in the first book would be in the other 2 but they aren't. This one is cute and I bought it bc I love fairy tales. You get 2 copies of the same pic, a total of 25 images and a blank page to put in between. They're printed on one side of the page. The only thing I've ever used is gel pens bc of my disability but I've tried several brands and never once had a leak. So IMO it's printed on quality paper. It's perfect bound so if you want to frame or share the pic, you will need a husband in my case to tear it out for you lol. Really hard to do that w one hand no matter what the book is! I hate the first volume was the only one that had the real world besties that I fell in love with but maybe in the future that will change.2 of 2 people found the following review

helpful. ABSOLUTELY WONDERFUL COLORING BOOKSBy CustomerI absolutely love her coloring books. I am 53 years old and still love to color. Her books are so detailed and adorable. Having two pictures of the same one is wonderful. The Fairy Princesses book is magical and reminds me of my youth. Thank u so much. Sherri brings out the kid in us all.1 of 1 people found the following review helpful. fun coloring book and challenging you can really use your imagination toBy John L. Ohrtsherri's books are always the best and this is another best in her long list of coloring books. I love them and my grandkids do to Easy to find pages she likes to put glitter on too. with her glitter pens
