However, I was a bit disappointed with the humor that Quino had in this book. I am a big fan of "Mafalda" - the humor there is varied, bright, and positive (though certainly the children have a healthy dose of realism about some of idiosyncrasies of the adult world). I didn't enjoy the humor in this book near as much as the Mafalda series.0 of 0 people found the following review helpful. Excellent!By T. FinneganQuino is an artist, what more can be said..? El genial humor de Quino, dedicado y relacionado en este libro solo a la pareja. De ahí- su título.
