This book is a great eye opener to that. What I loved about this book is that it was quick, to the point and thought provoking. Other books I have read just keep you hanging on

chapter after chapter to get that a-ha moment...not with Silent Impact...you get it right away. The stories are sweet, sad, funny, heartwarming and unforgettable. The story that made most impact to me was about Jim "Jimmy V" Valvano and how he defined his perfect day: "A perfect day was one in which you laughed, you cried and you had time to think". You will not regret getting this book!

I really enjoyed this book. Silent impact is happening all over but never been written about in such a awesome way. I've always admired Joe 's enthusiasm. I suffer from influences of depression and this simple book can be applied by us all. Way to go Joe. We need to all look in the mirror and see what positive impact we can spread.

We make our biggest impressions when we are not trying to be impressive. The words we say or don't say, the things we do or don't do, and the ways we react or don't react can have a tremendous influence on those around us. In Silent Impact, award-winning broadcaster Joe Schmit tells stories of real people and the ways in which they had profound influence on others in daily life. He points to simple, powerful lessons in the stories, and will inspire you to recognize your daily opportunities to make an intentional impact on others.

You'll enjoy the stories and the life lessons that go with them."--Dave Mona, cohost WCCO Radio's Sports Huddle with Sid and Dave  
"Seldom is a 'success' book a page-turner, but this one is. Silent Impact is a book that sneaks up on the reader. As if by osmosis, it implants a process of thinking and acting that can't help but lead to success in business and, even more important, in life. Schmit shares down-to-earth, pragmatic lessons you can immediately begin to implement and benefit from."--Bob MacDonald, retired CEO of Allianz Life of North America, author, and founder of CTW Consulting
