1 of 1 people found the following review helpful. best silly book ever! By Steph This book is full of silly cow jokes, perfect to read to little ones and great for beginning readers. Me and my son had a great time taking turns reading the jokes to each other and laughing our heads off over the corny jokes. This is a perfect book to get the little ones giggling after a rough day. I bought this book as a gift for my nephew, but will need to buy another copy because my son has decided he wanted to keep this one. Four stars and two thumbs up! 1 of 1 people found the following review helpful. Silly Cow By Suzanne This book is very cute and funny! It is a great book that kids can enjoy reading and coloring!
