By Arleen Delgado I recently bought this book for my ten-year old granddaughter who lives several states away from us. At ten years of age, I was afraid the book would be too "kiddie" for her. Unlike a book store where you can go thru a book, buying online does not allow you to get a good feel for the contents. As it turned out, we spent quite a bit of time on the phone with her "riddling" me and I have to say this: while there were some pretty easy ones, there were quite a few that were hard for me too, lol! She really liked her book and it gave her lots of material to entertain herself/her friends with.
