Simon Tofield : Simon's Cat in Kitten Chaos before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simon's Cat in Kitten Chaos:

1 of 1 people found the following review helpful. I just can't help but love Simon's Cat! By ShannonAs stated above, I can't help loving the adorable little gourmand kitty and internet sensation known only as "Simon's Cat". I love the cartoons on YouTube and although this book is mostly stills from the various cartoons which feature "the kitten", (a creature loathed by "Simon's Cat" in the spirit of how Garfield feels about Nermal) it's still very cute and good for laughs. And there is content that is drawn specifically for this book, don't get me wrong. Whether through the animated toons or the books, every cat owner will find a behavior that will make you think to yourself "That's my cat! My cat dives me nuts with that! How did they capture the behavior so perfectly??" Animator/creator Simon Tofield brings so many kitty quirks to his drawings (animated on YouTube and still on paper) it's really hard not to enjoy them. What can I say? Simon's Cat just makes me happy. I got this ebook on sale for \$1.99 and that's about what I want to pay for it. I have a very hard time wrapping my mind around spending 8 or 9 bucks for ANY book, much less one that can be read in about ten minutes, (even if that book is REALLY cute!) but my beef with the rising cost of e-books is for some other place. If you just want to giggle at some cute cat drawings, you'd be hard pressed to do better than the little fatty known as "Simon's Cat".

2 of 2 people found the following review helpful. Simon's cat is a wonderful little book By Christian R. Unger This is the third book in the Simon's cat print series. There is no real continuity issue across the series, and the characters are just stand-ins for characters you might know. Overall there is little substance or depth, but that's not what this is all about, it's about making you smile, as you can relate to the actions of the cat (and now kitten). And at this, as a cat person, it is likely to excel. What makes this book interesting was that whilst the first two were about the cat exploring the home and then the backyard / beyond the fence, this book has the added layer of being about sibling rivalry and kids being mischievous to each other or their parent. So the new character, which unlike book two's hedgehog and birds, has a much clearer defined role and makes it easier to relate to. As per usual

Tofield's drawings are gorgeous, and it is easy to relate to the situations. Also featured are the dog, the hedgehogs and birds make a return and (my favorite) the turtle. The reason I'm dropping a point is this: there are stickers that come with the book, but the page is bound into the middle of the book, so you can't really remove them, without having a blank page or a missing drawing. Its not a big deal because they are gorgeous and if they had not been bound in odds are you'd loose them :) .The other reason is there is a guide of how to draw the various characters and this is fantastic but he left out the turtle, and that's just an outrage!If you enjoy the videos and either of the previous books (or are a cat person), odds are you'll enjoy this one. I think title is distinctly better than the second, though maybe not quite as good as the first.1 of 1 people found the following review helpful. Feed me!By John D. MuirSimon's Cat appeared on the internet a few years ago and was so popular that Simon branched out into a number of other areas. This is a cute book of the cartoon moggie and his battles with the adorable kitten (guess who usually wins?). Fellow cat lovers will recognize their cat in Simon's drawings.Although nothing can replace the hilarious movement and sounds of the web version, this is a nice little bedside book to dip into and remind yourself how much fun life can be if you don't watch the news on TV!

"Tofield's cartoons stand tall--hilarious, loving observations of a privileged and bossy housecat...What elevates Tofield's simple but expressive line drawings above the large litter of competing kitties is his keen grasp of cartoon physics and comedy cat antics. With a pitch-perfect pen, he captures the simple, realistic acrobatics of cats tumbling with toys or gracefully stretching out in the sun, and chronicles their adventures in pantomime stripes that pit them against household objects, their owner, and each other. Cat owners and aficionados will have several delighted 'Yes, cats really do that!' reactions reading this."--Publishers Weekly (review)"Simon's Cat in Kitten Chaos is the third book in a series of print cartoon books tied to Tofield's Simon's Cat YouTube channel, which has more than 30 of his charmingly illustrated cat cartoons."--Publishers Weekly (feature)"The power struggles between these two felines will certainly be familiar to anyone who has brought a new pet into the mix. Tofield has several cats in real life and bases the book's believable personalities on his own feline observations."--Cat Fancy"The phenomenon that is Simon's Cat has hit an all time high! The YouTube videos of the cartoon feline have reached 200 million views online and the latest film, which is currently both the No. 1 'Most Liked' and 'Most Viewed' film on YouTube, received a million views in just two days. Simon's Cat has continued to evolve with new characters and story lines that every cat owner can relate to!"--Your Cat"Tofield's line drawings are fantastic. He is able to capture the essence of a cat with just a few pen strokes."--San Francisco Book Review (5 stars)"One of the hottest publishing properties of the year...What makes Simon's Cat so infinitely irresistible? There's the cute factor, but what sets Tofield's cartoons apart are the truly comic moments of pure cat-ness: the merciless patting at a half-dead fly, the single-minded determination, that weird little dance thing that segues seamlessly into a look of utter boredom."--Irish Times"Through silly pranks and stupendous surprises, the story of Simon's cat and the kitten is truly a great one. And the greatest surprise yet? The entire book is in pictures!"--National Geographic Kids DogEared Book Blog"Simon's Cat in Kitten Chaos continues the tradition of whimsically wordless, black-and-white cartoons about the antics of the playful, pushy, and ever-hungry pet...Although Simon's Cat in Kitten Chaos inevitably invites comparison to the popular newspaper comic character Garfield (and 'the world's cutest kitten' Nermal), the wordless, often action-filled panels are quite different in that they feature pure, rambunctious feline behavior, as any cat owners can attest--any anthropomorphic elements (such as the cat or the kitten pointing to their open mouths while hungry) are just what real cats would do if they could! The gentle humor of Simon's Cat in Kitten Chaos makes it a choice gift for cat lovers everywhere."--Midwest Book ReviewWith over 200 million hits on YouTube, Simon's Cat is a genuine word-of-mouth phenomenon. Fans from all over the world have fallen for this adorable but anarchic feline who will do just about anything to be fed. Simon Tofield's beautiful drawings and warm humor come alive on the page in this irresistible humor book--an outgrowth of the enormously popular short films featured on YouTube.Like all great cartoon creations, from Peanuts to Asterix, from Garfield to Tintin, Simon's Cat has continued to evolve by introducing new characters and new story lines. After the runaway success of the first two books (Simon's Cat and Simon's Cat: Beyond the Fence), Simon welcomes a cuddly's millions of fans.

"Funny and warm, the thing that really struck me as a cat lover was that this was obviously an animator who understood cats and had watched their behavior...Full of Tofield's attention to the smallest idiosyncrasies that other cat owners will recognize."--The Herald (Scotland)"It's his knack for caricaturing feline behavior, coupled with a schoolboy humor, that appeals to children and adults alike."--The Times (London)"Simon's Cat has taken over the world like a digital Garfield."--Sunday Times (London)"If you need something to lighten your mood today, there's a new comic book out for cat lovers and lovers of cat lovers."--Parents.com"Laugh until your sides ache with Simon's Cat in Kitten Chaos, a hilarious collection of cartoons from award-winning animator Simon Tofield."--National Examiner"If you haven't met Simon's cat yet, you're in for a real treat."--Journey of a Bookseller"The new Simon's Cat book, Simon's Cat in Kitten Chaos, is an explosively funny romp exploring the relationship between alpha cat and intruder. In a dynamic reminiscent of that between Wile E. Coyote and Roadrunner, the kitten consistently outsmarts

and outcutes Simon's Cat to the elder's eternal consternation."--Mousebreath"From horrors to hilarities, it's chock full of clever illustrations and real-life kitten chaos."--Glogirly.com"Overall a very cute and funny read. Highly recommended to all fans of cat humor. The drawings are cute and the antics of the kitten and cat are pretty darn accurate. I really enjoyed this book, it will make a great book to sit on the coffee table to make people laugh."--Karissa's Reading "Move over, Garfield. Simon's Cat is the new funny fat cat in town!"--A Year of Reading"I hadn't seen any of the previous books before, and I wasn't sure how the cartoons would translate to print. Turns out they translate well--I thoroughly enjoyed the book. It's impossible to look through the book without winding up with a big smile on your face."--Conscience Cat"Throughout the course of the book, the two cats fight, play tricks on each other, and generally cause mayhem, in a way that will be hilariously recognizable to anyone who has ever had to contend with two pets who don't get along."--Catsparella"Here is a wonderful gem of a book for families to enjoy together...If you are like me you will definitely laugh hard through this, and even without words Tofield is able to convey so much to the reader."--Dad of Divas"Simon captures the personality of a cat wonderfully, and his ability to convey emotions and situations without the use of any dialogue is amazing."--The Armchair Librarian"The real joy in Simon's Cat in Kitten Chaos comes from its innate ability to take the reader out of the monotonous expectations of daily life, and into, even if just for a moment, the much more simple, playful world of Simon's Cat and his new Kitten friend."--Philadelphia of Books"Pet parents should instantly recognize their own relationships with their feisty felines as Tofield proves again that you don't need lots of ink and paint or CG magic to deliver heartfelt laughs."--Animation Magazine
