two of his drawings merged into one for one of my tattoos. I absolutely love his work and will definitely purchase any new ones if he continues to publish more. 4 of 4 people found the following review helpful. Unsure but now thrilled! By Customer After reading the reviews I was a slight bit hesitant to order Sketchy Stories because the size was smaller and the pictures were heavy grey scale. I love his work and decided it was worth the price regardless. I am so glad I did because I can still color many of the pictures and I just love the whole idea of this little traveling colorable journal. I think its neat and I love having his original starting pieces.... Really cool buy! 3 of 3 people found the following review helpful. Five Stars By meghan brown love it NOT A COLORING BOOK be aware of that
