The calendar is sturdy with thick paper. Meaning it won't curl on the edges when you hang it. 0 of 0 people found the following review helpful. Five Stars By Joanne Warner The calendar is fun...never disappointed with anything created by Gary Patterson! 0 of 0 people found the following review helpful. Great gift. By Dee Bird Soooo cute was perfect for what I wanted

Things are certainly going downhill as Gary Patterson takes his brush to the winter slopes to illustrate the follies and foibles of snow skiing. Twelve cheerful paintings bring humor and warmth to this cold weather sport. This large format, 18-month wall calendar features daily grids with ample room to jot reminders, appointments and birthdays. Also included are six bonus months of July through December 2016 as well as moon phases, U.S. and international holidays.
