Chris Nieratko : Skinema before purchasing it in order to gage whether or not it would be worth my time, and all praised Skinema:

0 of 0 people found the following review helpful. HappyBy Crystal knightIm just starting the book,but its very funny.Kinda dirty and perverted but i like it.He doesnt actually review the porn titles as so much as fills space with stories.None the less its still a funny coffee table book.3 of 3 people found the following review helpful. I almost peed

my pants several times
By Robin B
This writer is such a creep, he writes these porno reviews which somehow always leave out details of the porno itself and includes sleezy tales of his shenanigans with various characters. He is too funny though, and such a great writer. I can't tell you how many times I busted a gut laughing at his antics. Warning though, not suited to read on a plane, book cover will give dirty looks.
0 of 0 people found the following review helpful. Highly Entertaining Depravity.
By Chris F. Paternite
Great book, I had know idea who Chris was before reading this, but i Love his writing style. Its crude, yes, and of course there's a lot of sex talk in this tome... Mostly sex stories actually. But they're entertaining, and come off as true, which makes it a very fun, interesting, easy read.

Though Skinema "reviews" over 150 pornos, Nieratko hardly ever mentions them, focusing instead on the pill-popping exploits that he's documented unapologetically over the past seven years in his column for Vice Magazine—much to his editors chagrin. As Johnny Knoxville so succinctly put it, Nieratko is an asshole, but whether Chris is rescuing a stalker from choking on her own vomit, getting his nose broken for having AIDS (he doesn't) or marrying the one woman that could put up with his insanity, his life sounds so much like a collection of hilarious bar stories it's impossible not to grab a beer and listen to the whole thing.

About the Author
Chris Nieratko was born in 1976 in New Jersey where he still lives today. His first job after writing for the seminal skateboarding magazine Big Brother was editing a series of incredibly disgusting porn magazines until he was fired for making fun of them. Nieratko continues to write for almost every magazine around. He spends the rest of his time managing his skateboarding shop. Skinema is his first book. Johnny Knoxville is co-creator and star of MTV's Jackass. He has starred in numerous films.
