Loved it! Lough out loud read!By S. P. AgnewI sat reading this book with so much enjoyment. I didn't expect anything when I ordered it but I own three skunks now and I could really relate to the stories. Plus my dad is Cherokee indian and it just seemed like the perfect read to me. My intuition was right and I plan to read it again which is something I rarely do.2 of 2 people found the following review helpful. Skunk Medicine: There's A Skunk In the House! and Other TailBy CayaPretty hilarious. The unexpected combination of pet skunk tales and Native American folklore. All captured in light of the author's spiritual journey.

Thirty-three tales of one of the most overlooked wild animals, the odorous skunk. (Animals/Pets)
