Great present for all dog lovers and for all people who can benefit from sleep contagion!It also shows the original style bullterier before the breed's skull was deformed into a curve by show breeders. Way to go, Cracker and Mickey!I just hope that the book will be reprinted again soon.

Cracker was a special dog. He had a comical face with a black patch over one eye and became the favorite companion and professional model for Cecil Aldin. Cracker's friend, Micky, was another model, an Irish wolfhound that was reputed to be the third largest dog in Britain. Aldin made many drawings of them, captioning them with one word under each picture. His paintings of Cracker became so popular that when Cracker died the Evening Standard ran an obituary of this much-loved dog.
